## How would you like your rebate to be applied?

- Please apply the rebate to my Budget Billing balance – this will reduce the budget balance owed so the monthly budgeted amount will not increase or may even be reduced.
- Please apply the rebate as a credit to my regular billing.
- Please mail a check to my home address.

*Rebate request must be received no later than 6 months from date of purchase.* The undersigned (customer) agrees that the above natural gas appliance has been installed at the above service address on Trussville Gas & Water's natural gas system. Customer understands that if above appliance was not installed at this location, the related credit will be removed from the account, which may cause an amount to become immediately due on the account. Trussville Gas & Water and their service personnel have the right to verify the installation at the location of the account credited for the natural gas appliance purchase. Customer understands that a licensed plumber or contractor should install the appliance in accordance with applicable building codes and safety practices. Customer further releases Trussville Gas & Water from any and all liability that may result from the purchase, installation and/or operation of this equipment.

## ATTACH A COPY OF INVOICE OR PROOF OF PURCHASE FOR GAS APPLIANCE

The rebate will be processed only after appliance is installed and a copy of the invoice or receipt is received in our office and attached to this completed and signed rebate authorization form. Only NEW Natural Gas appliances are eligible for the rebate. Rebate will not exceed the amount paid for the unit. Only full natural gas units are eligible for rebates. The invoice or proof of purchase must indicate that the unit is a full gas furnace or water heater. Dual fuel, hybrid or piggy-back units are not eligible for rebates. Proof of purchase with customer name and cost of appliance is required.
